Hi Vik,

how are you doing? Elena is now safe and sound in Kiel!

Thanks again for all the hard work.

Vittorio Maj of Delivery Yacht Team delivered our 456 Beneteau First 456 in June 2015 back from Grenada to Brest in France. He was an amazing captain and found an amazing crew. He even helped to get some repairs done to ensure safety on the trip. His strong motivation and professional work brought our Elena safe to France. He was defenetly the best choice we could have taken.

Thanks Vik

Cheers Chris

P.S. When will you come and visit?
